In consideration of the premium paid by the Policyholder, and subject to the terms and conditions contained herein, the Company agrees to pay or indemnify the Insured Person(s) for expenses that are reasonably and necessarily incurred, up to the limits specified for each Benefit in any Policy Year.

5.4 Complete Discharge

Any payment to the Policyholder, Insured Person, their nominee, legal representative, assignee or to the hospital (as applicable) for any benefit under the policy shall be a valid and complete discharge of the Company's liability for that claim to the extent of the amount paid.

- f) The Insured Person may prefer claims under this policy for amounts disallowed under any other policy, even if the Sum Insured of the other policy is not exhausted.
- g) If the claim amount exceeds the Sum Insured under a single policy, the Insured Person may choose to claim the balance from another insurer.
- h) Where multiple indemnity policies cover the same risk, the Insured shall only be indemnified the actual treatment costs in accordance with the terms of the chosen policy — no double recovery.

5.6 Fraud

If any claim is found to be fraudulent, or if any false statement or declaration is made in support of a claim, or if any fraudulent means are used by the Insured Person or anyone acting on their behalf to obtain any benefit, all benefits under the policy shall be forfeited. - Where the policy covers other Insured Persons as well, the policy continues until the end of the Policy Period for those persons. The Company will renew the policy on appointment of a new Policyholder (aged 18 or above, satisfying the Company's criteria), provided written notice is given before the Policy Period End Date.

- No loading shall apply on renewals based on individual claims experience.

5.11 Withdrawal of Policy

If this product is to be withdrawn in future, the Company will intimate the Insured Person at least 90 days prior to expiry of the policy. The Insured Person will have a one-time option to renew the existing product (if renewal falls within 90 days of the withdrawal date) or migrate to a similar health insurance product available with the Company, with all accrued continuity benefits, provided the policy has been maintained without a break.

5.12 Moratorium Period

After completion of five continuous years under the policy, no 'look-back' shall be applied. This five-year period is called the Moratorium Period. After the expiry of the Moratorium Period, no health insurance claim shall be contestable except for proven fraud and permanent exclusions specified in the policy contract. The moratorium applies to the sums insured of the first policy; any subsequent Sum Insured enhancement triggers a fresh five-year moratorium on the enhanced portion only. Policies remain subject to all limits, sub-limits, co-payments and deductibles.

5.13 Premium Payment by Instalment

If the Insured Person has opted for instalment premium payments (Half-Yearly, Quarterly or Monthly), the following conditions apply:

3. The Insured Person retains accrued continuity benefits (waiting periods, Sum Insured, Cumulative Bonus, Moratorium Period, etc.) if premium is paid within the Grace Period.
4. No interest is charged for late payment of instalment premium within the Grace Period.

5.14 Possibility of Revision of Policy Terms Including Premium Rates

The Company may revise or modify the terms of the policy, including premium rates. The Insured Person shall be notified before any changes take effect.

5.15 Free Look Period

A Free Look Period of 30 days from the date of receipt of the policy document applies to new individual health insurance policies only (not renewals or porting/migration). If no claim has been made during the Free Look Period, the Insured is entitled to:

1. A refund of the premium paid, less any expenses incurred for medical examination and stamp duty; or
2. Where the risk has commenced and the policy is being returned, a deduction of the proportionate risk premium for the period of cover; or

If there is no subsisting nominee, payment shall be made to the legal heirs or legal representatives.

5.18 Material Change

Any and all disputes or differences relating to the validity, construction, interpretation and effect of this policy shall be determined by the courts and in accordance with the law of the jurisdiction in which the policy was issued.

5.22 Limitation of Liability

Any claim under this policy for which notification or intimation is received more than 12 calendar months after the event giving rise to the claim shall not be admissible, unless the Policyholder can prove to the Company's satisfaction that the delay was for reasons beyond their control.

Company's Rejection: If the Company does not authorise the Cashless Facility (due to insufficient Sum Insured or insufficient information), the Policyholder/Insured Person must settle the hospital bill and may then submit a reimbursement claim, subject to policy limits. Note: Rejection of a pre-authorisation request is not a rejection of coverage or treatment.
7. Network Provider Changes: The Company may modify the list of Network Providers or the extent of Cashless Facilities available at any Network Provider. The Insured Person may refer to the current list on the Company's website or via the call centre.
8. Claim Settlement: For Cashless claims, payment is made directly to the Network Provider, which constitutes complete and final settlement.

3. If a reimbursement claim is received after a pre-authorisation letter was issued for the same case, the Company will first check with the Network Provider whether the pre-authorisation was utilised before processing the reimbursement claim.
4. Payment under reimbursement shall be made to the Policyholder. In the event of the Policyholder's death, payment is made to the nominee (or legal heirs if no nominee exists).
